

A Better Future

Description

Weâ??re makinâ?? history. Weâ??ll win the victory!
The fight is long but weâ??ll stand strong
To save democracy!
Weâ??ve gotta build a better future
And we need to start right now!

Free speech is priceless. We cannot lose it!
The fight is long but weâ??ll stand strong
And weâ??ll start now, now, now!
Weâ??ve gotta build a better future
And we need to start right now!

Weâ??ll stand together, through changing weather;
United we will resist
And stop â??em now, now, now!
Weâ??re gonna build a better future,
And weâ??re gonna start right now!

Weâ??ll stop the firings, the retribution,
And the climate denial,
Stop â??em now, now, now!
Weâ??ve come to build a better future,
And weâ??re gonna stop â??em now!
Weâ??ve come to build a better future,
And weâ??re gonna stop â??em now!
