

## A Terrible Thing To Mind – Uranium Waste

### Description

Gotta end th' nuclear biz.....*in your lifetime....Wish w' could....do it soon....in mine!*  
*As for bombs....let's start today.....*  
*A de-weaponizing race!*  
*Act now....for your kids....and mine.*

Nuclear energy's *not .....th' new paradigm....*  
*Too many accidents.....in our time....*  
*In ignorance and in haste*  
*We've made all that toxic waste....*  
*And waste is a terrible thing to mind!*

Don't believe those who say nuke energy's prime....  
The waste it piles up is a crime....  
And *stop using DU*  
*That dangerous residue....*  
*Its tragic birth defects are a sign.*

So take this message from *Womankind !*  
*Don't believe 'em .....those who say it is benign....*  
*Take it from Jonathan Schell....*  
*It is the road to hell.....*  
*'Cause waste is a terrible thing to mind!*
