

## Advice on Canadian Economy

### Description

They say the recession's over  
But Canada's still flat broke  
Ottawa wants suggestions  
From us ordinary folk  
How can they slash their spending?  
Where can they find more dough?  
Here are some useful suggestions  
From Grannies who oughta know:  
2) First of all, push the senate  
Out of their comfy chairs  
We don't need to pay them pensions  
Too many are millionaires  
Stop handing plum appointments  
To Yes men and party hacks  
The money to pay their expenses  
Comes off the taxpayer's backs.  
3) Stop making grants to the companies  
That make lots of dough from war  
Stop propping up the rich folk  
And blaming things on the poor  
Chase up the corporations  
For tax they don't want to pay  
We can't get away with excuses  
So why in the hell should they?  
4) Cut government expenses  
We cannot afford caviar  
Stop all paid ads that tell us  
How wonderful governments are  
Remember what your Grannies told you  
Before you face budget day  
Don't spent if you can't afford it  
Cause some day you'll have to pay.
