

AI Won't Save Us! Version for Palantir

Description

AI Won't Save Us! Version for Palantir

AI's just another way, for people in the USA

To close their eyes and just pretend, the fault's an algorithm

This is the way we wash our hands, all across our stolen lands

AI bros you are to blame, do you feel no shame yet

Palantir helps AI kill, Both through war and medical bill

The dead don't care if it's warfare, or predatory wealthcare

This is the way we wash our hands, all across our stolen lands

Peter Thiel you are to blame, do you feel no shame yet?
