

## AIDS Is Us

### Description

AIDS, we used to say  
Was a thing far away  
Affecting only strangers, (well, maybe Africa)  
And now we see  
It touches you and me  
AIDS is down the street and in our homes  
Like polio someday  
Weâ??ll see it go away  
Healing meds to cure the folks we love  
â??Till then weâ??re here to cheer  
Researchers far and near  
And help the rest of the world to see!
