

ALL THAT MATTERS!

Description

We need data centers everywhere
to train up yet more AI
helping our mil-i-tary and ICE!
to torture, kill and spy-y!

-

We must be willing to sac-ri-fice
our water, climate and mo-oney.

Centers must be built even in!

deserts hot and su-unny.

It doesn't matter that people will die
from losing all their water.

Most livin things will die anyway!

AS the climate gets hotter!

-

All that matters is which Billionaire
can fine ly claim to be-e

Ruler of the planet he's turned !!

in-TO a big BALL of debri-is!
