

## Angry People

### Description

#### ANGRY PEOPLE

Tune: Lonely People by America

This is for all the angry people  
watching the tyranny begin  
Donâ??t give up, we got to  
march in the streets together  
and keep on fighting â??til we win

This is for all the worried people  
watching the news and feeling stunned  
Donâ??t give up until weâ??ve  
taken our country back  
with equal rights for everyone

We The People say:  
We are here to stay  
and this movement grows every day

This is for all the migrant people  
living in fear from day to day  
Donâ??t give up, because you  
have the support of many  
who donâ??t want you to go away

We The People say:  
We are here to stay  
and this movement grows every day

This is for all the angry people  
seeing democracy done-in  
Donâ??t give up until weâ??ve  
taken our country back  
No, donâ??t give up until weâ??ve  
taken our country back  
keep on fighting â??til we win
