Tune: ANOTHER SATURDAY NIGHT

Date written or updated: 05/01/18

Another Saturday Night

Another **Saturday night** and I'm **too** scared to **go** out
thanks to the **pay-offs** from the **NRA**.

They've **bought** off **Congress** to **allow** more **gun** sales
so **anyone** can **blow** us **a-way!**

ANYTIME!

What we **need** are some **common sense gun** laws

Let's treat **guns** like we do **cars** right **now**.

Reg-is-tra-tion... lic-en-sing with **tests** and
proof of **insurance... THAT'S HOW!**

Oh, it's **Saturday night** and I'm a **won-der-in' just** when
voters will **fine-ally** get **fed** up and **say**

Congress, **you** will **now** do what **we** want

OR YOUR CAREER'S THE NEXT THING BLOWN AWAY!
