

## Anthem for Peace

### Description

O-oh, say can you see, we have no moral right to continue these wars, hear the innocents screaming,  
whose homes have been bombed into burial sites.  
On the news we have watched the result of the scheming.

To all the war games, we say "not in our names!"  
International law is ignored to our shame.  
Oh say, will we keep fighting and making it all worse,  
"Til the whole world is in flames, and America cursed?"
