Bibi; I Make A Little Wish

I make a little wish here
For olive trees, not pig
So treif it ain't, I raise my plaint
And hope the game's not rigged

Chorus:

O Bibi, Bibi, Bibi
You need to go away
And when you do, take the set'lements too
Free Palestine today!

Obama, Trump, and Clinton
History won't forgive
The evil being done there
Still Palestine shall live!

Chorus
