

## Bring Back My Body

### Description

#### **Bring Back My Body to Me!** (tune: My Bonnie Lies Over the Ocean)

1. When politics run our court system And Women's Rights become our wrong, Then we say you can't own our bodies And that's why we're singing this song:

**Bring back, bring back, oh bring back my body to me, to me!**

**Bring back, bring back, oh bring back my body to me, to me!**

2. Religions reach different conclusions: Does breath give life or does the womb? So why should one answer be law now With many folks singing this tune: (Refrain)
