

Caged Kids

Description

Something happens to me.
When caged kids do I see
Begging endlessly
For a small bit of help from me.

How can such a rich place
As the U-nited States
Leave them in a cage
Without basic necessities?

Bridge:
M-y heart will never be the same
While my country does this to kids.

Change our minds, change our laws
Change the way we look at kids
With parents they should live.
And please soften our wooden hearts.
