## **Can You Hear Me Now, Verizon?**

**CHORUS: Can you hear me now, Verizon?**

**This wake-up call's for you.  
You're raking in the billions  
And pay no taxes, too.  
And now you want your workers  
To roll over and play dead,  
But we're not gonna take it  
And we're risin' up instead!**

**You'd outsource all your workers  
And slash their benefits,  
Cut retirees off from health care -  
That really gives us fits!  
We're sick of your tax dodging,  
It's a shameful greedy crime,  
So we'll stand with the workers  
On Verizon's picket line.**

### **CHORUS**

**We're done with being quiet  
While the rich live off the poor.  
We're tired of your greed  
And we won't take it anymore.  
We'll strike against Verizon  
'Til the corporations learn  
That the people now are risin'  
To take back what we have earned.**

### **CHORUS**
