## **Canada Got It Backwards**

**They let the bad George in, They kept the good George out!  
We say that Canada got it backwards so we've got to rage and shout!  
They let George Bush in to speak  
But Galloway was banned...  
That's not how it oughta be!**

**They let the warmongers in,  
They keep the peacemakers out!  
We say that Canada got it backwards so we've got to rage and shout!  
They deport the war resisters  
Who should be welcome in their land...  
That's not how it oughta be!**

**They send their troops far off  
To Afghanistan  
Where they're killing to make peace which is such a stupid plan!  
Canada got it backwards  
So we've got to rage and shout!  
'Cause peace is what it's all about!**
