

Cheer for Choice

Description

[Verse 1]

Yeah, come on all you Republicans
Tryinâ?? to help women again
Youâ??re sure they wonâ??t do whatâ??s best
With a positive pregnancy test
So itâ??s full speed ahead, the agenda is set,
To impose all the bans you can get!

[Chorus]

And itâ??s 1, 2, 3
What are we fighting for?
You know my bodyâ??s my own
Why canâ??t you leave it alone?

And itâ??s 5, 6, 7

Donâ??t regulate my pearly gates
Ainâ??t it time to hear my voice
Listen up!
We need a choice!

[Verse 2]

Come on politicians moving fast
Your big chance has come at last!
Supreme Court didnâ??t hesitate
To pull the plug on Roe v. Wade.
Doesnâ??t matter what a woman needs
Gotta protect those seeds!

[Chorus]

[Verse 3]

Well, come on people throughout the land
Come on with us and make a stand
Register and get out the vote
Elect officials who are righteous folk!
Everyoneâ??s body should be their own.
Why canâ??t they leave us alone?

[Chorus]
