Citizen's United Song

It's been two years now. Our government's broken and how!
It's called Citizens United,
This wrong must be righted!

Montana ruled against it.
Wisconnies will protest it.
We loved our democracy,
Don't want this plutocracy!

What is that you ask?
While the wealthy all bask,
In favors their PACs bought,
While we are distraught.

Think of a happy ending,
While this message we're sending.
We'll Move to Amend,
Don't doubt it, my friend!
