

## Clayoquot Jail Song

### Description

(What we can learn from this early gran song is a piece of our history, the strength of grans who were jailed for their peaceful beliefs and their commitment).

You have to serve time for the terrible crime

Of protesting the clear cut of trees

Let's hope you go to jail

where there's male and female

and the guards are as decent as these

CHORUS NCC Brannon Lake

Where they serve you pizza and cake

If you play by the rules

And don't act like fools

It's not such a hard place to take

2) It's boring for sure

There are locks on the door

And a few guys don't like us at all

But a jail's like life,

You can make your own strife

Just give them a smile and walk tall
