

Don't Get Sick

Description

Try not to get sick
Or you might as well die.
Avoid accidents,
I'm telling you why
You can't afford medical, care

You pay premiums,
Meet deductibles
Then you find out you're
Not eligible
For that operation, you need.

BRIDGE

Well, Michael Moore, he said it
Hit the nail right on the head
Take the profit out of healthcare
Or dry we'll all be bled

In Europe, Japan,
And Canada, too,
In Cuba, Thailand
And Sri Lanka, YOU [point to audience]
Will see universal healthcare.

BRIDGE

In lots of other places
That's just what they have done
Told insurance and drug companies
To stop having so much fun.

Call us socialists,
We really don't mind.
Just look at the facts.
We know you will find
Everybody must have healthcare.
