

Endless Wars

Description

We shall not pay for endless wars; We shall not pay for endless wars.
We'll pay for jobs and health and education,
Not for endless wars!

We don't want Obama fighting endless wars,
We don't want Obama fighting endless wars,
We should all tell the president at whitehouse-dot-gov
No more endless wars!

Congress, work on health care, not for endless wars.
Congress, work on new jobs, not for endless wars.
We want to work on opportunities at home,
Not for endless wars!

Let's all work together, home from endless wars,
Let's all work together, home from endless wars,
We should bring all the troops home from those wars right now.
No more endless wars!
