## **Enjoy Yourself**

Enjoy yourself, it's later than you think  
We activists, will wind up in the clink  
The Feds close in, as quickly as a wink  
Enjoy yourself, deploy yourself,  
It's later than you think!

You demonstrate, for years and years  
With signs and shouts to show  
You hate us being in Iraq  
To steal their oil, we know.  
Some day they say, there will be peace  
Our government will rule  
Resistance fighters will be dead  
Democracy is cruel.

Chorus (Enjoy yourself.....)
