

Feminist Environmentalists

Description

Acknowledging Kay Thode of the Seattle Raging Grannies original version â??Radical Environmentalistsâ?• and other versions elsewhere on this site.

Oh weâ??re feminist environmentalists,

Yes weâ??re feminist environmentalists

We like clean air and clear water

Keep our BAY-lands in good order

Oh weâ??re feminist environmentalists

Bring us solar, bring us hydro, bring us wind

Bring us energy from sources that wonâ??t end

So get out and tell the others

That the earth is still our mother

Join with feminist environmentalists

Oh, weâ??re feminist environmentalists,

Yes, weâ??re feminist environmentalists,

Though weâ??re old we will keep marching

We will stop the patriarchy

[PAUSE]

Cuz weâ??re feminist environmentalists!
