

Flip-Flop McSally! You're Screwed!

Description

(starting note is A below middle C)

O-oh she flips her mind with the greatest of ea-ease!

Flip-Flop McSally thinks somehow that she-e's

able to break promises on a whim

and the coming ele-ec-tion!.. she can still win.

If Flip-Flop McSally had conscience or heart

the Dreamers could count on her doing her part.

We'll have to help her learn that all her actions

do have effects upon her e-lec-tion.

So Flip-Flop McSally! we will not stop

til we make damned su-ure your campaign's a flop!

We'll stand by the Dreamers and their families too

so that e-lec-tion winners *(slow and loud)* will not include you!
