

Food, Horrible Food

Description

Food, horrible food
Pumped into the nostrils
Through a finger-wide tube
Is not caring, it's hostile

Over there on Guantanamo
A hunger strike is proceeding
The guards'll show them a thing or two
If they refuse to be eating

Forced feeding is not
Ethical, moral or legal
On the conscience a blot
To all civilized people

If inmates go on a hunger strike
There's got to be a good reason
Obama, why don't you find out why
And stop this barbaric feedin

Of food, horrible food, sickening food, torturous food!
