Free Trade Trot

(Song is sarcastic. Brackets indicate where you can updateinsert]

Oh, oh, oh, Free Trade

Of you, we're not afraid

Our fears have been allayed

This deal was heaven-made

Who needs a culture?

Or an identity?

When we've got [L.A. Law]

on our TV?

(Kazoo first four lines)

Oh, oh, oh, Free Trade

Ole for Mexico!

We'll make a lot of dough

And get simpatico

We may not know where

Our next job's coming from

But we'll have Calvin Klein

On all our Bum-Bum-Bum-Da-Bums!
