Gaggle: St John

Tune: Little Brown Jug

Free Trade Zones Go Away

(Brackets indicate where you could add your own local bits)

Free Trade zone signs on the lawn
What are they doing in [St John]?
Do the corporations need
[New Brunswickers] to fuel their greed?

CHORUS No! No! No!

They can't stay
Free Trade zones should go away
Oh! Oh! Oh!
Don't be dense
Governments should have more sense

2) Free Trade's in, Fair Trade's out
Governments will have no clout
Corporate agendas win
What a crazy world we're in!
