

Gaza Needs A Break

Description

1) Maybe the oldest in the world
Gaza city is
Every conqueror ever was
Wanted this land because
Gaza's place is special in the world
Dah dah dah dah dah dah dah

2) Half of all Gaza citizens
Are under fourteen
We can't let children die
And yet the bombs still fly
We've got to tell the world of all that's been!
Dah dah dah dah dah dah dah

3) So let all nations now weigh in
Gaza needs a break
The dying hasn't stopped
Which means the questions popped:
Human rights due every citizen
Dah dah dah dah dah dah dah

4) Two thousand nine, it is the year
Gaza breathes again
No more deaths occur
All homes and streets secure
A new Gaza nation will begin
Dah dah dah dah dah dah dah
