

## Gaza Song 1 - The Ancient Place

### Description

1) The Gaza Strip  
is in the news  
The push is on,  
to make us choose  
We have to say,  
we choose the young  
From every place  
this war goes on

2) And we choose peace,  
diplomacy  
Cease fire and talk  
Till all agree  
The truth we know  
is larger than  
The chill of hate  
The wrongs of man

3) The Gaza Strip's  
An ancient place  
A marker for  
The human race  
Its name is in  
Our holy books  
A place on which  
The whole world looks

4) No war is worth  
A child's death  
We say with every  
Tongue and breath  
And here on Gaza  
Where we stand  
Let killing cease  
Within this land
