

Gaza Song III – Gaza Strip

Description

GAZA STRIP

Gaza Strip, where the fight is on
How we gonna make this war all gone?
Never get this war all gone
Shootin' rockets all day long

Gaza Strip, lyin' in the sun
See your children dyin' one by one
Need to get this war undone
Way before the noonday sun.

Gaza Strip, people everywhere
Prayin' for your future, O we care
Every nation is aware
What is happenin' over there
