

Hey Look Us Over

Description

Hey look us over,
Give us a whirl,
Like a four-leaf clover
We brighten the world!

Donâ??t pass us up, folks,
Come sing along!
Whenever youâ??re feeling down and out
Join us in a song.

Youâ??ll feel like a rosebud
Blooming on the vine.
We know things are tough now,
Itâ??s time to speak your mind!

Weâ??re a little bit out of tune, we know
Your voice will fit just fine.
So look out world,
Here we come!
