

House the Poor

Description

HOUSE THE POOR

Tune: I Walk the Line, Johnny Cash

With wages low and ever rising rents,
folks live in cars, or hunker down in tents
This is a crisis, and itâ??s plain to see:
low income homes are what we need

In such a wealthy nation, donâ??t you think
weâ??d house the homeless, quick as you can wink?
Stop spending trillions building bombs for war
Letâ??s build new hous-ing for the poor

When tons of money pour into our state,
why are so many folks in dire straights?
In nuclear bombs, our state is number one
In poverty, weâ??re bottom rung

New Mexico, letâ??s solve it! Letâ??s get down
get down to housing all the poor in town
Letâ??s do it now â?? on this we must agree:
Donâ??t fight the poor â?? fight poverty
Donâ??t fight the poor â?? fight poverty
