

HR3069 (Medicare for All)

Description

How many times must our health system fail with insurance plans at the reins?

How many times must premiums they raise or charge us higher co pays

How many times must our budget go broke before we will use our brains?

For healthcare really fine pass hr_ 30 69 Medicare for all now is the time.

How many times must clauses preexist before we begin to see?

How many people forgo food and other necessities?

High health care costs so business can't compete-internationally

For healthcare really fine pass hr3069, Medicare for all now is the time

High health care costs leave people behind in a system that's not being fair

Insurance companies give no health care but give stockholders higher shares

Save 600 billion a year if insurance plans were not there

For healthcare really fine pass hr3069, Medicare for all now is the time

How many bankruptcies will we allow before asserting healthcare as our right?

How many deaths will it take till we know that too many people have died?

How many denials will we permit before US voters show our rights

Get your congress rep to sign Medicare for all now is the time

(Say it with enthusiasm) ;

With single payer healthcare we'll all thrive
