## **If We Fed Them**

If we fed them All of the hungry children here

What would it do to our world?

If they'd been properly fed

What might their dreams be

in the days ahead?

Soon they'll be grown

Off they will go with a handicap

And then we'll never know

What might have been

If we'd fed them

V2)

If we housed them

All of the homeless children here

What would it do to our world?

What might they become with stable lives

With space of their own, how might they thrive?

Soon they'll be grown

Off they will go, disturbed and rootless

And then we'll never know

What might have been

If we'd housed them?
