

Imagine Some More

Description

Imagine no more prisons, It isn't hard to do
No more human outcasts
It's up to me and you

Imagine education
And jobs for everyone
[interlude]

You may say I'm crazy
But I'm not the only one
Nobody's born bad or lazy
Earth is where we all come from

Imagine true equality
I wonder if you can
All one human family
Every woman, child, and man

Imagine peace and justice
All over the world
[interlude]

You may say I'm crazy
But I'm not the only one
Nobody's born bad or lazy
Earth is where we all come from

Every ethnic group and country
Skin of every hue
All religions, no religion
And every gender too

Many differences among us
But much more is the same
[interlude]

You may say I'm crazy
But I'm not the only one
Nobody's born bad or lazy

Earth is where we all come from
