Just Say NO to War!

One little, two little, three little soldiers, Marched off to war and never got older.
It makes us sad and it makes us bolder —
Just say NO to war!

One billion, two billion, three billion dollars,
Wasted on war if we don't holler:
"You can go but we won't follow!"
Just say NO to war!

Their kids, my kids, your kids, too,
Facing death — it's up to you!
Here's what we all need to do —
Just say NO to war!
