

## Keep Public Lands in Public Hands

### Description

Keep public lands, now,  
in public hands, now  
That's our demand, now  
Better understand, now  
This land is your land  
This land is my land  
Keep public lands in public hands!

We do love nature, and we do love hiking  
and river rafting, and mountain biking  
We love to ramble through our scenic parklands  
So, keep public lands in public hands!

From Valles Caldera to Carlsbad Caverns  
From the Rio Grande to Chaco Canyon  
From the Cibola Forest  
to the sparkling White Sands  
Keep public lands in public hands!

From the Gila Cliff homes to the pristine Pecos  
From the Jemez River to the Sangre de Cristos  
From the Zuni Mountains to the Bisti Badlands  
Keep public lands in public hands!

Keep public lands, now,  
in public hands, now  
That's our demand, now  
Better understand, now  
This land is your land  
This land is my land  
Keep public lands in public hands!
