## **Kids for Sale**

Children for sale, The third world has great buys,  
Male and female,  
They gladden corporate eyes.  
They weave rugs for the rich, stitch soc-cer balls,  
And make toys and shoes for export to our malls.

No-o unions have they to prote-ect them,  
No-o fam'lies or friends to defe-end them.  
Third world kids don't have enough.  
While our stores have too much stuff.  
With profits rolling, rolling in,  
Who cares?

They don't play with toys  
Or kick soc-cer balls  
And they won't be wearing Nike shoe-oe-oes  
Third world kids don't have enough.  
While our stores have too much stuff.  
With profits rolling, rolling in,  
Who cares?

We do!!
