

L-G-B-T

Description

Love's love, there's no **need** to feel **mad**
I said, **love**'s love, and it **should** make us **glad**
I said, **love**'s love, and it **just** isn't **bad**
There's no **need** to **be** a **bigot**

Love's love, in all of **its** many **types**
I said, **love**'s love, for people **of** many **stripes**
You can **stay** true, to who **you** are **inside**
That is **what** we mean by **pri**-ide.

CHORUS:

We love our fam in the **L-G-B-T**.
We love our fam in the **L-G-B-T**.
Gender **identity**
Sexuality too.

You can **be** whoever you **are**.
We love our fam in the **L-G-B-T**.
We love our fam in the **L-G-B-T**.
You're great **just** how you **are**
A **color** in the **rainbow**
You can **let** your **pride** show.

Young friend, I was **once** in your **shoes**,
I said, I was down and **out** with the **blues**
I felt, **no** one would **love** me this **way**
I felt I could **just** go **away**

That's when someone **came** up to **me**
and said **young** friend there are **plenty** of **us**
There's a **family** called the **LGBT**.
They can **help** you **find** your **way**.

CHORUS:

L-G-B-T and all the rest of us, **L-G-B-T**
Gender **identity**
Sexuality too.
You can **be** whoever you **are**.

L-G-B-T and all the rest of us, **L-G-B-T**
L-G-B-T and all the rest of us, **L-G-B-T**
L-G-B-T and all the rest of us, **L-G-B-T**
