Tune: Look What They've Done to My Song, Ma

Date written or updated: 09/16/19

Look What They've Done to Our Earth

Look what they've **do-one** to our **Ea-rth**, friends!

Look what they've **do-one** to our **Ea-rth**, friends!

The **only** home that **we** have got

and they're **makin'** it **hotter** than **hot**, friends!

Look what they've **done** to Mother **Earth**.

Look what they've **do-one** to our **a-i-r**, folks.

Look what they've **do-one** to our **so-i-l**, folks.

And **when** the **wa-ter** is all **gone**

that will be our **very** last dawn

Look what they've **done** to life **itself**!

Look what they've **do-one** to huma-**a-ni-ty**.

Look what they've **do-one** to commu-**u-ni-ty**.

We've **got** to see that **we're** all **one**

before this planet **comes** undone.

Truth should always **trump** insan-**i-ty**!

Look what they've **do-one** to our **fu-u-ture**.

Look how they're **st-e-al-in'** our **fu-u-ture**.

Keep that evil **force** at **bay**

Stand **up** and **tell** them "**No Damn Way!**"

DON'T LET THEM STEAL OUR FUTURE!
