

Michael Brown Song

Description

One bright sunny day
In Ferguson MO (say: â??moeâ?•)
Michael Brown was-shot-and-killed
For walking in the road
Hands up in the air
No weapon had he
He was yet another victim
Of police brutality

(bridge)

**Eric Garner, Sean Bell
Amadou Dillo
Ramarley Graham
And Ousmane Zongo
Itâ??s a long mournful list
Growing all the time
Moms and dads weep
And watch their kids die**

Into the streets
Streamed his family and friends
To protest the death of
Another young black man
The cops were ready
With military gear
Like foreign invaders
Filling everyone with fear

(bridge)

**People of color
Have the right
To walk outdoors
Any day or night
The mission of the cops
Is to serve and protect
Respect for all
Is what we all expect**
