

Montreal Massacre

Description

) Tune: Is There Anybody Here Who Loves My Jesus? (Old gospel)

Verse 2 is trying to encourage the young women who join us to not to continue in abusive relationships. Verse 3 is often the cause of the violence, men who think they have a right to tell women, mothers, daughters, wives, what to do, how to live their lives. This is an easy, hand-clapping tune which I will sing into the phone for anyone who wishes, (613-546-7056)

14 women slain in polytechnique

1989 in Montreal

I promised then, oh I promised then

I would not forget

2) Violence in my life it makes me fearful

Denial doesn't work, the rage goes on

I won't let it be, I won't let it be

I will not forget

3) Patriarchy sucks, we can own no one

A person has a right to live their life

I will be strong, oh I will be strong

I will not forget

4) Life is very dear, each moment passing

Live it to the full with courage high

I will walk on, oh I will walk on

I will not forget
