

## Never Again Hiroshima!

### Description

â??Twas long ago  
And far across the sea,  
So many died in an instantâ?!  
Hiroshima!

Children played  
Out in the summer sun  
Then burned in a living hellâ?!  
Hiroshima!

The mushroom cloud  
And fireballs quickly spread,  
Now only their shadows remainâ?!  
Hiroshima!

Light your lights  
And never forget that day  
When we dropped that bomb from the skyâ?!  
Hiroshima!

Now candles burn  
All across our land  
As we pledge that never againâ?!.  
Hiroshima!
