

No Kings for June 14 2025

Description

He thinks it's his right to be royal
With absolute power to rule,
Demanding to *him* we be loyal.
That's not what they taught us in school.

Chorus

*No kings, no kings.
Democracy calls for no kings, no kings.*

No kings, no kings.

Democracy calls for no kings.

He's arrogant and hifalutin.
It's clear that he cares not for us.
He glorifies tyrants like Putin,
Throws allies right under the bus.

He wants a parade in his honor
With thousands of soldiers and tanks.
Because this old man has no honor,
Let's stand up and tell him, "No thanks."

Oh, this is no time to be resting.
His grifting is lasting too long.
Come join us in peaceful protesting.
With many together, we're strong.
