

No More AI Data Centers!

Description

Data centers say they are just what we need!

Don't believe them. Here are some words to heed.

Everywhere that they have been set up

the communities are fed up!

They suck up the water,

make everything hotter,

and electric rates go sky high!

Data centers are used to train AI

so the billionaires can replace you and I.

When AI's in the final stages

billionaires will stop paying wages

to workers, my friend,

what'll billionaires do then? (long pause)

They'll just sit back and watch us all die!

Billionaires really think they're super-i-or!

The rest of us are here only to do their chores.

Our laws they have sliced and di-iced

and their AI's used by I-ICE

to find and to kill

anybody at will

They will soon come for you and I!

NO MORE AI DATA CENTERS! ANYWHERE!
