Not Another Hiroshima

Not another Hiroshima,
too many already died.
Nuclear war is too extreme a way,
it causes genocide!
Don't you see it's a disaster
using bombs just 'cause we can?
Won't the end come so much faster?
Stop the nuclear plan!

Brothers, don't you know,
Sisters, don't you know?
We have to stop the nuclear pla-a-an!
Brothers, don't you know,
Sisters, don't you know?
We need a new test ban!

They're in cahoots 'bout nuclear weapons,
Someone's pushing nukes, I know-o-o-o,
They're in cahoots 'bout nuclear weapons,
They want to lay our "enemies" low!.

We'll all die, fiddling around
with atom bombs, you good old bo-oys,
We'll all die, the world around,
You and your damned war toys!
You and your damned war toys! (Slow- ½ time)
