

Now You've Pissed Off Grandma

Description

You made us angry when you raised all those taxes on the poor;
We were outraged when you authorized those pipelines;
But you'll really hear us roar
If you start another war.
You're a madman, and now you've pissed off grandma!

You're a bully and a thief, always lying through your teeth,
And a pussy-grabber, too, there's no denying;
But you'll really hear us roar
If you start another war.
You're a madman, and now you've pissed off grandma!

Social Security's in danger and our Medicare is, too,
And folks are dying every day for lack of health care.
So you'll really hear us roar
If you start another war.
You're a madman and now you've pissed off grandma!

Well, you want to build a wall, but there's no wall that's so tall
That it can keep out truth and justice and compassion.
So we'll keep on singing strong
'til we Grannies right these wrongs
And vote you out, 'cause you've really pissed off grandma!
