Tune: Oh! Susannah

Oh, George Dubya!

Give George Bush a subpoena....War criminal.....yes siree....
If our grandsons behaved like him
We'd put them over our knee.
OH, we'd give George a spanking....
(That was OK in our day)
'Cause his war crimes far exceed
A slap on the butt today.

*Oh-George Dubya....
War time buccaneer...
We've seen your WANTED poster up,
But you're not wanted here!*

Oh George's lies took him to war
Perhaps a million civilians died
We don't know the number
'Cause every time he spoke he lied.

*Oh- George Dubya....
War time buccaneer...
We've seen your WANTED poster up,
But you're not wanted here!*

There is a law on Canada's books
The Immigration....Protection Act.....*
Deems foreign nationals **inadmissible**
If they've committed war crime acts.
Like the bombing of civilians
In those days of Shock and Awe....
And crimes against humanity
That break International Law.
Violating International Law
Is a clear war crime.....
And torture and rendition
Are steps way over the line.

*Oh-George Dubya....
War time buccaneer...
We've seen your WANTED poster up,
But you're not wanted here!*

As for his so-called statesmanship

*It's oh so insincere....
You can't cover up those war crimes
With such a thin veneer.
He should be hauled to th' World Court....
And sentenced to hard time....
For the young folk that he sent to death
And all of his war crimes.*

*Oh-George Dubbya.....
War time buccaneer...
We've seen your WANTED poster up,
But you're not wanted here!*

*It's a call for citizen's arrest
If our Government is afraid....
Betrayal of International Law
Is a debt that must be paid.*

*Oh-George Dubbya....
War time buccaneer...
We've seen your WANTED poster up
But you're not wanted here!*
