

Our Democracy

Description

Our Democracy (Adrienne Holden, June 12, 2025)

1.

What in the the world is going on with our democracy (democracy)

Why in the world does it look so much like hypocrisy (hypocrisy)

I donâ??t want to be around

When this house comes tumbling down

Oh tell me

What in the world is going on with our democracy (democracy)

2.

Why have they been tearing down our democracy (democracy)

How have we let them make our world into a mockery (a mockery)

The billionaires have got it made

They sit and sip their koo-oo-laid

Oh tell me

What in the world is going on with our democracy (democracy)

3.

We are living in this land of democracy (democracy)

Shame on them trying to turn it into autocracy (autocracy)

Traitors, grifters, robot clones

They canâ??t take away our home

Oh tell me

What in the world is going on with our democracy

Democracy, democracy, democracy, democracyâ??!â??!â??!..
