

PROJECT VOO-DOO!

Description

The **water we** are **using now** already exceeds
what our **rainfall can** replenish, **and** still our **needs**
keep on **growing just** like **Donald Trump's** evil **deeds!**
So **when** Project **Blue-water**
says **to** me and **you-ou...**
that they **guarantee** to replace **all** the **water** they **use**
it sure **sounds** to **us** just **like** a **carnival ruse!**
How do they **plan** to create new **water**
as our **desert** gets **drier** and **hotter?**
They **must** have **managed** to **put** the **fix** on **all** laws **of** **physics!**
Most jobs **Project Voo Doo** brings are **strictly** short-term.
As **temperatures** keep **climbing** we are **all** gonna **burn!**
But **most** of our **politicians** **seem** unable to **learn!**
Withdraw this **contract!**
You **must** walk it **back!**
Out-of-state investors, **once** our **water** is **gone,**
will declare **corporate** **bankruptcy** leaving **us** with this **song!**
We **don't** wanna **say** we **told** ya **so!**
So, **this** plan **really** **has** to **go!**
Tell them **this** was a **big** **mistake!** **Back** out before **it's** too late!!!
