

Radical Environmentalists (Florida Revision 2010)

Description

Oh, weâ??re radical environmentalists, Yes, weâ??re radical environmentalists,
We like clean air and clean water,
And our beaches in good order. Oh,
Weâ??re radical environmentalists!

Oh, we like our veggies without pesticides,
And our food without those hormones placed inside.
We like fish without PCBs,
And forests that still have trees, Oh,
Weâ??re radical environmentalists!

Oh, we donâ??t like energy from fossil fuels,
â??Cause we know that theyâ??ll run out, we ain't no fools!
And weâ??d rather see those windmill blades
Than nuclear plants in the Everglades.
Weâ??re radical environmentalists!

Yes, weâ??re radical environmentalists.
When people mess with Mother Earth it makes us pissed!
So get out and tell the others
That the Earth is still our mother....
Then youâ??ll be a true environmentalist.
