

RAISE YOUR VOICE FOR PALESTINE

Description

RAISE YOUR VOICE

Listen with heart, you'll hear their voices calling
from Palestine, where terror reigns supreme
voices of sorrow, grief and desperation
They call to us: to our humanity
So raise your voice to protest inhumanity!
And raise your voice for thousands who've been slain
Together we must change the course of history
Keep singing loud and proud 'til freedom is attained

We sing for children 'til orphaned, scared and hungry
We sing for women 'til struggling to be free
We sing for men who want to save their families
Yes, these are human beings like you and me
So raise your voice with power for the powerless!
We call for peace, from river to the sea
Together we will honor every human life
Keep singing loud and proud 'til Palestine is free

Don't call us anti-Semites when we stand for life
We're anti-killing; we're not anti-Jew
Don't claim it's self-defense when it is genocide
Don't try to silence us for speaking truth
We raise our voice for freedom and for liberty
You'll never shut us up 'til so hear our prayer
Together we demand that Palestine be free
We'll keep on singing 'til you end this reign of terror!
